## LEHMAN TRIKES INDEPENDENT SUSPENSION FOR MONARCH II LLS

The new Lehman Trikes independent suspension features high-strength aluminum components, coupled with dual coil-over shocks, to provide a smooth and comfortable ride. Dual H-Arm suspension provides proper geometry for consistent handling and precise control. The optional Adjustable Lean Control allows the rider to choose their desired level of riding performance.

# One *MEAN* machine!

## **Monarch II**

### FOR THE HONDA GL1800

The Monarch II remains a touring legend in trikes. Featuring Lehman Trikes patented "No Lean" straight-axle suspension, the rigid swing arm has the benefit of "No Lean" in curves keeping you upright in a fast turn and giving you better handling performance. Standard feature includes a parking brake.
