

SHOT ACROSS THE BOW

»»» Lehman Trikes has been in the business of making three-wheelers out of Harleys and other bikes for years. They're pretty good at it, too, because H-D went to Lehman for the components to make the new Tri Glide. Now Lehman is turning its focus on the Victory Vision with a new three-wheeler called the CrossBow, powered by the 106-inch Freedom V-twin engine and designed by Lehman Trikes with engineering participation from Victory Motorcycles. The CrossBow is a 2010 model that's expected to be in Victory showrooms by the time you read this. It has a suggested retail of \$33,995 and will feature a three-year, unlimited mileage warranty on Lehman Trikes components and assembly. The Standard Victory one-year, unlimited-mileage warranty will cover the Victory Vision motorcycle. For more information on the CrossBow, contact Lehman Trikes at 1-888-3WHEELS, or go to www.lehmantrikes.com.

vessels along Lake Michigan and its tributaries. The Trident may assist the MFD Dive Rescue Team at incidents where a diving platform for underwater operations is needed. The Trident also provides immediate, on-water emergency medical services, both basic and advanced, to the boating and marine public.

"I Don't Know Your Secret"

"The Mustang seat on my Road King is absolutely amazing. I don't know your secret but you are definitely doing it right!"
