

LEHMAN CROSSBOW

Lehman Trikes recently unveiled its newest trike, the CrossBow, at the Annual Victory Dealer Meeting in Wyoming, USA.

The CrossBow was designed with engineering participation from Victory Motorcycles and utilises state-of-the-art technology and testing to meet NHTSA and D.O.T. standards. Powered by the Victory Vision 106 cu. in. v-twin engine and featuring the genuine Lehman 'No Lean' suspension, the CrossBow will arrive at selected Lehman dealerships in the Autumn of 2009, and prices start at \$33,995 which includes a three year, unlimited mileage warranty on Lehman Trikes components and assembly and a standard one year, unlimited mileage warranty on the Victory Vision motorcycle. For more information on the CrossBow, contact Lehman Trikes via their website at www.lehmantrikes.com

CUSTOM CRUISERS TRIKE FORKS

New from Custom Cruisers are these 65mm (that's huge!) upside-down forks that are available in standard length (32 inches from the centre of the wheel spindle to the top of the forks) or up to 12 inch over (something like 45 inches long!).

They also come with billet brake mounts and a hidden wheel spindle to give your trike that ultra-smooth look, while the yokes are available in either standard or five degree over rake. For more info on 'em ring Custom Cruisers on 01773 835666 or go to www.customcruisers.com

TRIKES IN MARCH

Yes, I know it's September, I'm talking about March in Cambridgeshire ...

RSC Custom Fabrication are a specialist trike builders who have been going for a while now and have turned out some very nice stuff - watch out for a full feature on the amazing V8 they've done in the very near future. They're up for doing anything from total one-off builds to conversions on bikes you or they can supply, and their prices are very reasonable. They're based just off the March bypass and you can reach them on 07801 506723.
